**You've Worked Too Hard To Find Your Customers,  
Don't Risk Losing Them With Chemicals  
That Only Work Sometimes!**

**We Can Solve Your Problems . . .**

We've spent **36** years formulating cleaning products specifically for the Pressure Washing Industry. We manufacture the **most effective and highly concentrated** line of cleaning chemicals on the market. This provides you, the distributor, with the opportunity to **secure** your **customers** for the long haul and **maximize profits** at the same time.

Our expertise and knowledge of the **problems you face every day** is unsurpassed. No one knows more about Pressure Washing than we do. **Use this to your advantage.**

Call **Keystone CLEAN-X**, producers of the original two-step cold water, brushless truck washing system.

## Need Cold Water Electric? Consider the Professional Choice - Kränzle

Many models to choose from: 110 v. or 220 v.

800-544-1188

www.dirtkiller.com

kränzleusa

*Advanced pump design provides extended bypass / run-dry capability*

- Kränzle pumps don't overheat when left running without spraying.
- Move the ladder or answer the phone without shutting down.
- Someone forgot to turn on the water before they started the pressure washer: No problem - No damage.
- Unique design allows the pump to run dry.
- Start dry. You don't have to pull against inlet water pressure.
- Finish dry. After use, pump all the water out so you don't have to worry about freezing.
